What Do Snowmen Do at Night?
By Maggie and Nick

It was 11 O'clock and Snow was out and about ready for some frozen fun! Snow slid down the street toward the graveyard.

He saw 2 ghosts. “Ahh!” says Snow. Snow slides away, very scared.

As Snow slides along, he sees a barn with a sign that says, "Cow for Sale!" Snow is still pretty shook up from his encounter with the ghosts. He begins to chat with the cow.

After the cow is finished talking he slides off toward the swing set at the school. It looks like fun. As Snow tries to swing he finds that he can't. Snow slides off toward the ice skating park.

As Snow jumps, does figure 8's, and spins, he cracks the ice and falls through, but luckily he gets out!

As Snow skates toward the candy shop he decides it's time for some sweets. Snow looks in the window and sees the delicious candy on the shelves and tries to get in but he can't because the windows are closed.

Snow hears the clock and sees the sun rise up. "Time to go!" says Snow.

What do you think Snowmen do at night?
