What do snowmen do at night? BY LIBBY .H.

During the day, I am busy building a snowman with my friends.

At night, we go inside for hot chocolate, and the snowmen come to life.

They go from my backyard to the Dutch Treat for a steak dinner.

After a yummy steak, it is off to go to Cannon Mountain.

Before the hit the slope they stop at Ernies haus (house) for skis.

After a chairlift ride to the top, the adventure begins.

They race down Vista Way to a glade that leads them to their secret *snowman club* (it's a very big igloo.)

In the igloo, they “dance all night, melt under the disco light!”

All discoed out, they head back home.

Half asleep the snowman *fall, literally into my backyard*!

At night, we go inside for hot chocolate, and the snowmen come to life.

The sun is rising,I peak outside to my snowmen and fill with fright.
What happened to them?
