What do snowmen do at night?

By Anabel B.

When children are all asleep me, Snow Mania, slides through the North Pole. You don't even notice me!!!

My first stop is a disco party with D.J. Mon Snow!! We chow down pizza while we jam out. ("Let's jam" the D.J. yells.) A night of fun has begun!!

My second stop is a visit to Santa Claus, the guy who gives me amazing presents. Claus's pad is bustin' with many things to do. Off we go!

Into the elves' presents factory!! I grab some tools and I start creating toys. "Tiddley tiddley too" sing the elves as they work for the big night!!

In the elves' music studio we groove out a new song for all the other elves to sing along. Together we are singing for Mr. and Mrs. Claus.

Off to the kitchen with Mrs. Claus to prepare a turkey dinner for all the elves and Santa Claus. Don't forget the reindeer, too.

My last stop is to visit Frosty my favorite snowman friend; I'm really excited. Frosty and I exchange high fives.

Finally, I go back home, to my favorite place!! What a great night, now I need some rest!!!!!

With everyone around the table is crowded; everybody is chowing down. Burp!
